

The Tropic Inter-urban Sentinel

A better country than the San Fernando Valley to live in may have been made, but has not yet been discovered.

VOL. IV

TROPICO, CALIFORNIA; WEDNESDAY, MARCH 25, 1914.

No. 6

THE REGULAR MEETING OF BOARD OF TRUSTEES

SEVERAL RESOLUTIONS ADOPTED AND DEMANDS APPROVED BY BOARD

The trustees met in regular session Thursday evening. After the reading of the minutes of the previous meeting the regular order of business was taken up.

A communication from the Glendale Board of Trustees was read, in which they had taken up the matter of sprinkling on the streets used by the several railroads entering that city. That it was their intention to ask the railway companies to sprinkle oil on the streets and otherwise lay the dust and asked the Tropic board to co-operate with them in this work. The communication was placed on file.

A communication from City Attorney Baker was read, in which he instructed the board to compare the list of signatures on the petition turned in by the Tropic Consolidated Club, asking for a special election to be held to determine whether Tropic should annex to Los Angeles, and in case there were a sufficient number of bona fide electors' names thereon to immediately call a special election.

The improvement of Brand boulevard was taken up and it was decided that when the meeting adjourned it would be to meet again on Monday

evening, at which time the matter would be fully settled and work commenced at once.

A resolution to allow the City Treasurer to use a rubber signature stamp for signing the bond coupons was presented and adopted.

An ordinance calling for a municipal election was also adopted.

The City Clerk was instructed to mail a notice to each of the election board informing them of their appointment.

The following demands, after being approved by the finance committee, were ordered paid and the City Clerk instructed to issue warrants for the various amounts:

Tropico-Glendale Lumber Co.	\$ 1.83
Tropico-Glendale Lumber Co.	3.60
Southern California Gas Co.	3.43
Guy Maxwell	30.00
A. Klapp	27.50
Southern California Gas Co.	1.40
M. Carpi	197.50
P. Rosa	25.00
Frank Constantine	27.50
W. A. Rhodes	100.00
Henry Fels	7.50
B. W. Hall	35.00
Ector Rosa	32.50

An ordinance regulating the collection of garbage, etc., was up for the first and second reading and approved for third reading next meeting night, subject to the health officer's o. k.

WHAT OUR SISTER CITIES HAVE FOUND IN REGARDS TO THE AQUEDUCT

SOME SOUND, SANE FACTS IN REGARDS TO THE OWENS RIVER AQUEDUCT

To answer the article in last issue of the Sentinel, "Shall Tropic be consolidated with Los Angeles," it might be well to follow the exchanges from the various municipalities who have had the honor of hearing the members of the Municipal Annexation Commission talk. In the first place they have been very restrictive in making any decided promises and well they do, for the annexation committee was recently appointed by the City Council for the express purpose of creating annexation sentiment in the outlying districts, and are wholly without any real authority to make any binding bargains with communities they desire to annex, and at this time are principally engaged in trying to show reasons why outlying communities should give up their independent existence and help to shoulder the burden of the greater city. The first article of the general plan is:

"Annexation or consolidation shall be a condition precedent to the furnishing of water to any territory."

What does Tropic want with the aqueduct water anyway? From the reports made upon our present system last fall there is sufficient water to be had to supply 25,000 people and some time will elapse before Tropic has that number. True, the system is badly in need of repair and will require attention in a short time, but Los Angeles, in presenting us with the aqueduct water, only pipes it to our mains. We, at our own expense, pay for the new system that will be necessary. Why not fix up our own service and own it ourselves and stay out of Los Angeles? The following is what they promise in regards to the aqueduct water, clipped from the South Pasadena Record:

"William Muholland says: 'I wouldn't want to specify the time, but some day this city will be willing to tunnel six or eleven miles through the conglomerate mountain chain which separates the Rush creek district from Owens valley, in order to get the water.'"

"Engineer Finkle says: 'I am willing to remain on record as saying that the aqueduct is far from complete; that 20,000 inches of water is not available and that many millions of dollars more must be expended before we have any aqueduct or water supply worth talking about.'"

The Bishop Herald, an Owens valley paper, says: "A disastrous break in the aqueduct, near Lone Pine, by reason of defective cement work, has allowed the waters to seep out and loosen the earth, causing a tremendous slide that extended for nearly a mile."

The Inyo Register, also an Owens valley paper, says: "Construction work is far from complete from the standpoint of permanency and reliability; there is much inferior work, made with inferior cement, that will necessitate rebuilding entire sections of the aqueduct."

This testimony is direct and certain ought to be heeded.

That blunders exist is shown in the following article from the Inyo Register, published at Bishop:

"There has been talk in the past by people not connected with the aqueduct, that the city would never obtain its 'pure, sparkling water supply' until its ditch was built to the head of Round Valley and arrangements made for the waters of Rock, Pine, Bishop and other creeks. We of Owens Valley know how egregiously the innocent taxpayers of Los Angeles were deceived by their trusted leaders in this respect, and that it is true that the aqueduct never will carry such water as the credulous expect so long as its flow comes through the channel of Owens river. This will be a truth even though the intake be placed in the river gorge itself."

"It is learned that water is no longer permitted to flow into the Halvee reservoir. The stream diverted at Charley's Butte is turned back to the river through a waste gate at the head of the Alabama hill, and the inflow at Cottonwood is turned loose again to make its way down that creek as of yore. Two explanations are afforded; one is that the reservoir is leaking, the other that repairs may be in order along the big ditch. The greatest depth of water in the reservoir at last accounts was 35 feet."

"Two serious breaks due to cloud-bursts are reported, and at one point the ditch is completely filled with boulders and gravel."

"It is said that precise measurements show that the water plane in the valley next south of the Halvee reservoir is rising at the rate of six tenths of an inch daily. Vegetation there shows an improvement due to underground water. The reservoir seems to be a benefit to that section."

We cannot blame those who are responsible for mistakes in the aqueduct for wanting to remedy them. But it does not alter the fact that the water from the aqueduct will be unfit for domestic purposes or that it is going to cost many millions of dollars to correct the mistakes in locating the intake. There is no telling where the expense of securing aqueduct water may end.

Independence, Oct. 31.—City Attorney Stephens and Aqueduct Engineer Muholland of Los Angeles appeared before Judge Dehy in the superior court today to fight the attempt to divert the Owens River waters from the aqueduct.

The Natural Soda Products Company seeks to enjoy Los Angeles from using the water. The plaintiff company owns Owens lake, which is said to hold in solution 70,000,000 tons of soda. The company declares the lake will dry up if the water is diverted, and it will be impossible to recover the chemical values.

Owens Lake is fed by Owens River below the intake. Is it reasonable to suppose that if this water contains so much soda in solution that its diversion to the aqueduct would be an injury to the soda works, that it would be wholesome water for domestic use? When the water of Owens River is so charged with alkali that the farmers of the valley will not allow stock to drink of it, certainly it is not the kind of water wanted in Tropic, where we already have an ample local supply that is absolutely pure.

STATE NORMAL SCHOOL

TWO TROPICO GRADUATES FROM STATE NORMAL

Tropic will be well represented at the commencement exercises to be held at the Los Angeles State Normal School Friday, March 27, by two of its very clever girls, the Misses Helen Drew and Lois Duncan. It is needless to say that it means much time and hard work to come through with as splendid a record as these young ladies have, and we all extend to them our heartiest congratulations.

LECTURE RECITAL

The lecture recital, given by the Tuesday Afternoon Club of Glendale on "Famous Women of the Bible," is of special interest to Tropic, because of the prominent part taken in it by two of our most prominent club women, Mrs. Wayland Brown and Mrs. L. V. Lawton.

Too much cannot be said in praise of the splendid work they did in this recital. To Mrs. Brown they owe the excellent management and directing, and also a beautiful Egyptian dance given in costume. Mrs. Lawton furnished the delightful music which was so much enjoyed by everyone present.

It certainly makes Tropic feel good to think that when Glendale desires anything especially fine they have to appeal to Tropic talent for aid.

LADIES PLAN NEW WAYS

NEW WAY OF HELPING IN CHURCH BUILDING

The Ladies' Aid Society of the Presbyterian church of Tropic have devised a brand-new way of making money. Instead of depending on their skill along culinary lines, they are going to take a chance with the needle and thimble and anyone who wants to have any plain sewing done could not possibly do better than to send for them.

They have organized themselves into a dressmaking committee, with Mrs. Luddin of El Bonito avenue as chairman. If you desire to have your sewing done at home, send word to Mrs. Luddin, and she will arrange to have the committee come to your house, or if you prefer to have it taken away, she will have the committee meet at the home of one of the members and do it.

The charge will be very reasonable and when you think that all you have to do to aid in building the new Sunday school room is to have your wardrobe replenished, you surely will get busy at once and see what you need.

W. AND I. CLUB

Mrs. L. V. Lawton will entertain the W. and I. Club at her home on Gardena avenue Friday afternoon, March 27, 1914. Mrs. McClure, principal of the Tropic Grammar School, will address the members on the "Early Training of Children."

UNION HIGH SCHOOL OPENS BASEBALL SEASON

The high school baseball team opened the season with their first game at Long Beach on the afternoon of the 17th. The baseball team this year is made up largely of inexperienced players; but three of last season's players are still in the game. It was due largely to this fact that Long Beach won, as Glendale made more hits and our pitcher made more strikeouts. In the whole game Howard Ehmkke made 14 strikeouts. The Long Beach twirler made but 11. This game was a league game. It also was the first game that the first team has played this year. Besides this fact the Long Beach team is one of the best teams in the league. On taking into consideration these facts the score, the score 6-2, in the "beach combers" favor, Glendale did not do so badly.

On Saturday, the 21st, Glendale played a practice game with South Pasadena on the home diamond. The

game was advertised extensively with handbills, so those that missed the game were out of luck. It was this same school that kept Glendale from the championship last year by licking us in a 12-inning game. Consequently the boys looked forward to licking them this year. Well, they were licked all right to the tune of 5 to 4. The score was tied up to the last of the ninth, when Glendale scored the winning run. Coach Ehmkke pitched Lukins for the first three innings. Bidwell for the next four and Howard Ehmkke for the last two. In the last two innings Ehmkke fanned out seven of the seven batters. The reason that there were seven at bat and all fanned was on the third strike of one of these the catcher missed the ball and let the man get on first. The next league game is with Santa Monica at that place.

BETTER READ UP ON THE LAWS BEFORE TALKING

EVIDENTLY SOME ONE IS NOT UP ON MUNICIPAL LAW

Some misguided member of the Tropic Consolidated Club who is evidently not very well posted on municipal laws, yet claims to be, states that "if the City Council does not call the special election on annexation by April 10th that there will be trouble. That he knows positively that the names on the petitions are every one bona fide and the matter should be taken up immediately."

Being a trustee is a thankless job at the most, and especially at this time foolish charges are being trumped up and without looking into the matter, many hot-headed citizens jump at conclusions, when if they stopped to think a moment they could see that the informer has an ax to grind and that there is always two sides to a question.

To apprise our wise citizen we might mention that the law demands a due course in such matters and should he or any other misdirected citizen desire to do so, he has a perfect right to look over the petition and signatures at any time and prima facie evidence will be shown him that it will require some little time to properly prove up the 693 signatures.

The first sentence of the petition states: "We, the undersigned qualified electors," has in numerous cases been overlooked and names appear a number of times upon the petition who are not even naturalized, let alone those who have neglected to register.

Your name must appear upon the registration books or you are not a qualified elector and it must appear but once.

Provided the names on the petition were all bona fide, it would, by law, require a published notice appearing four consecutive times or weeks and that the last published notice must appear at least one week before the time set for the election. That would mean at least five weeks, or the last of April.

In lieu of the fact that the law requires action, and with the evidence that there are many unqualified names on the list, it will in all probability be some time early in May before the election can possibly be called.

Another matter that it might be of interest to the uninformed is this: The trustees are elected by the people and are for the people at all times. Their pay is small and their thanks are curses. The meetings of the board are held every Thursday evening at the City Hall and the public are invited to attend and it might be well to state that we have a City Clerk whose business it is to answer all and any questions that may be asked at any time and that he is instructed to show all books and account for every movement to the satisfaction of the inquirer. That every employee is under bonds and subject to forfeiture of that bond and his position at any time sufficient and proper evidence has been proven.

Wouldn't it be a grand thing if every citizen would read over the city charter or at least never condemn a man on circumstantial evidence?

CRAMER-BITTLE

The marriage of Miss Martha Cramer and Mr. Louis Bittle was quietly solemnized at the home of the bride's mother, Mrs. Lorena Cramer, of 509 Acacia avenue, Wednesday evening. Owing to the recent illness of the bride's brother at the family residence, the wedding ceremony was very quietly celebrated, Rev. S. W. Carnes officiating, with only members of the immediate families of the bride and groom being in attendance. The many friends of Mr. and Mrs. Bittle regret that a simple, quiet wedding was deemed expedient, as many pleasant features in connection with a large church wedding had been planned. Mr. and Mrs. Bittle are occupying a cozy cottage on West Park avenue.

MISS PRATT HONORED

Thursday afternoon Miss Lily Phillips, of Moore avenue, was hostess at a miscellaneous shower in honor of Miss Lola Pratt, whose marriage to Mr. Jeno Askeland will be solemnized next month. Miss Phillips was graciously assisted by her mother, Mrs. M. R. Phillips, who received the guests in the living room, which was decorated in Cecil Brunner roses and ferns. Dainty refreshments in yellow and white followed the shower, which fairly deluged Miss Pratt with many lovely gifts.

The guests who thus honored Miss Pratt were Mrs. Frank Guernsey, Mrs. Presley Lucas, Mrs. Joy Goodsell, Mrs. Virginia Gilmore, Mrs. Louis Bittle, Miss Jean McNutt, Miss Hazel Allen, Miss Nina Claver, Miss Anna Anderson, Miss Edna Phillips, Miss Elsie Anderson, Miss Barbara Askeland, Miss Emily Kopp, Miss Esther Jones and Miss Luella Moore.

MEETING OF THE ROUND TABLE

The members of the Round Table will always remember their second meeting, which was held at the home of the Misses Katherine and Dorothy Hobbs, 300 North Central avenue. The entire club, which consists of the Misses Blanch Shay, Esther and Eunice Jones, Lynn and Joan McNutt and Olive Moffitt, and the two charming hostesses, was present. After the business meeting was held and plans discussed for many good times to come, Miss Dorothy Hobbs read the famous play, "Every Woman." You see this club has another object besides mere pleasure. Light refreshments were served and everyone left feeling heavier and wiser than before.

THE UNION HIGH SCHOOL

INTER-CLASS BASEBALL

The inter-class baseball season opened last week with the first game between the Freshmen and Sophomores. The Sophomores won. Score: Freshmen, 13; Sophomores, 15.

The second game was between the Juniors and the Sophomores. The score was: Sophomores, 3; Juniors, 6.

The third game of the series was the Junior-Senior game. The score here was: Seniors, 8; Juniors, 2. The Juniors held the Seniors down to no runs until the fourth inning, when the Seniors started hitting. The game was a six-inning one. The next game is between the Juniors and Herubs.

GLENDALE WINS DEBATE

The Glendale debating team won an important victory, or rather two im-

COMMUNITY DINNER CLUB

Mrs. Barry Greenwell of Gardena avenue will entertain the Community Dinner Club Saturday night, March 28. The members of the club expected to be present are Mr. and Mrs. Barry Greenwell, Mr. and Mrs. Wayland Brown, Mr. and Mrs. Henry Dionisius and Mr. and Mrs. Carl Hornig.

RESOLUTION OF INTENTION NO.

162

A RESOLUTION OF THE BOARD OF TRUSTEES OF THE CITY OF TROPICO, DECLARING ITS INTENTION TO IMPROVE BRAND BOULEVARD, AND PORTIONS OF PARK AVENUE, CYPRESS STREET, TROPICO AVENUE, DEPOT STREET AND SAN FERNANDO ROAD IN SAID CITY AND DETERMINING THAT BONDS SHALL BE ISSUED TO REPRESENT THE COST THEREOF, AND DECLARING THE WORK OR IMPROVEMENT TO BE OF MORE THAN LOCAL OR ORDINARY PUBLIC BENEFIT AND THAT THE EXPENSE OF SAID WORK SHALL BE ASSESSED UPON A DISTRICT.

The Board of Trustees of the City of Tropic do resolve as follows:

SECTION 1. That the public interest and convenience require and it is the intention of the Board of Trustees of the City of Tropic, State of California, to order the following street work to be done in said City, to-wit:

FIRST: That the East and West roadways of Brand Boulevard, from the Northernly boundary line of the City of Tropic to the Northernly line of the Right of Way of the Southern Pacific Railway Company, including all intersections of streets and alleys (excepting therefrom such portions of said Brand Boulevard and intersections as are required by law to be kept in order or repair by any person or company having railroad tracks thereon) be graded and paved to the official line and grade, with hydraulic cement concrete base five inches in thickness, with a wearing surface of asphaltic oil and screenings one-half inch in thickness, in accordance with Plan No. 39, Profiles No. 30 and 41 and cross-sections No. 38, and in further accordance with special specifications for the grading and paving with concrete base and asphaltic oil and screenings wearing surface of Brand Boulevard in the City of Tropic, which said specifications were duly adopted for said work by Resolution No. 160 of the Board of Trustees of said city.

SECOND: That a cement curb be constructed along the East and West roadways of Brand Boulevard, from the Northernly boundary line of the City of Tropic to the Northernly line of the Right of Way of the Southern Pacific Railway Company, including returns at all street and alley intersections (excepting along such portions of said roadway upon which a cement curb has already been constructed and now is to the official line and grade, and of a dimension not smaller than Class "B," as described in the hereafter named specifications), and also that a cement curb be constructed along both the East and West lines of that certain strip of land 40 feet in width belonging to the Pacific Electric Railway Company and being held by such company as a private right of way, from the South line of Park Avenue to the north line of Cypress Street, and from the South line of Cypress Street to the North line of Tropic Avenue. The outer or street face of said curb to be placed respectively one foot East and West from the East and West lines of said right of way. All curbs shall be constructed in accordance with Plan No. 39, cross-sections No. 38 and Profiles No. 30 and 41 and in further accordance with special specifications for the construction of cement curbs upon Brand Boulevard in the City of Tropic, which said special specifications were duly adopted for said work by Resolution No. 160 of the Board of Trustees of said city, said curb to be of the Class designated as Class "B" curb in said specifications, and to be omitted over and across such portions of Brand Boulevard as are required by law to be kept in order or repair by any person or company having railroad tracks thereon.

THIRD: That a cement sidewalk five (5) feet in width be constructed along both side lines of Brand Boulevard from the Northernly boundary line of the City of Tropic to a line drawn 14 feet Southernly from and parallel with the Northernly line of Tropic Avenue (excepting along such portions of Brand Boulevard upon which a cement sidewalk four (4) or more feet in width has already been constructed and now is to the official line and grade, and that a cement sidewalk five feet six inches in width be constructed along both side lines

of Brand Boulevard from a line drawn 14 feet Northernly from and parallel with the Southernly line of Tropic Avenue to a line drawn 13 feet Southernly from and parallel with the Northernly line of San Fernando Road. Excepting therefrom the sidewalk on the Westernly line of Brand Boulevard, from Cerritos Avenue to San Fernando Road. Said sidewalks to include full returns at all street intersections and to be constructed in accordance with Plan No. 39, Profiles No. 30 and 41, cross-sections No. 38 and in further accordance with special specifications for the construction of cement sidewalks upon Brand Boulevard in the City of Tropic, which said special specifications were adopted for said work by Resolution No. 160 of the Board of Trustees of said city, all sidewalks to be omitted over and across such portions of Brand Boulevard as are required by law to be kept in order or repair by any person or company having railroad tracks thereon.

FOURTH: That corrugated iron and concrete culverts be constructed at the intersections of Brand Boulevard with Park Avenue, Cypress Street, Tropic Avenue, Depot Street and San Fernando Road. Said culverts to be constructed between the points, on the lines and grades, and with the appurtenances designated thereon on Plans No. 39, 37, 36, Profiles No. 30 and 41, and cross-sections No. 38 and in further accordance with special specifications for the construction of corrugated iron and concrete culverts upon portions of Brand Boulevard, Park Avenue, Cypress Street, Tropic Avenue, Depot Street and San Fernando Road in the City of Tropic, which said special specifications were adopted for said work by Resolution No. 160 of the Board of Trustees of said city. All culverts above referred to are to be omitted upon such portions of said Brand Boulevard and intersections as are required by law to be kept in order or repair by any person or company having railroad tracks thereon. The East and West roadways of Brand Boulevard herein referred to, are the roadways of said Brand Boulevard lying respectively East and West of that certain strip of land belonging to the Pacific Electric Railway Company and being held by such Company as a private right of way.

SECTION 2. That the said contemplated work or improvement, in the opinion of the said Board of Trustees, is of more than local or ordinary public benefit, and said Board of Trustees hereby declares that the district in the said City of Tropic benefitted by said work or improvement, and to be assessed to pay the costs and expenses thereof, is described as follows:

All that portion of the City of Tropic included within the following described exterior boundary line, to-wit:

Beginning at a point on the Northernly boundary line of the City of Tropic midway between the East line of Central Avenue and the West line of Brand Boulevard, thence Southernly parallel with the West line of Brand Boulevard to a point on the Northernly line of San Fernando Road. Thence Southeastery in a direct line to the most Northernly corner of Block 1 of Tract No. 910 as per map recorded in Book 16, Page 133 of Maps. Thence Southernly along the Northwesternly line of said Block 1 and the Southwesternly prolongation of said Northwesternly line of said Block to the Southwesternly boundary line of the City of Tropic. Thence Southeastery along said Southwesternly boundary line of said City to an intersection with the Southwesternly prolongation of the Southeastery line of Lot 7, Block 3 of Tract No. 1578 as per map recorded in Book 20, Pages 158 and 159 of Maps. Thence Northeastery along said Southeastery prolonged line and Southeastery line of Lot 7, Block 3 of Tract No. 1578 to the most Easternly corner of said Lot 7. Thence Northeastery in a direct line to the most Southernly corner of Lot 18, Block 2 of said Tract No. 1578. Thence Northeastery along the Southeastery line of Lots 18 and 7, Block 2 of said Tract No. 1578 to the most Easternly corner of said Lot 7, Block 2. Thence Northeastery in a direct line to the most Southernly corner of Lot 21, Block 1 of said Tract No. 1578. Thence Northeastery along the Southeastery line of Lots 21 and 8, Block 1 of said Tract No. 1578 to the most Easternly corner of said Lot 8, Block 1. Thence Northernly in a direct line to the most Southernly corner of Block D of the Santa Eulalia Tract as per map recorded in Book 16, Pages 78 and 79 of Maps, (said point being also situated on the Westernly line of Glendale Avenue.) Thence Northernly along the Westernly line of Glendale Avenue to the Southwest corner of Glendale Avenue and Cerritos Avenue. Thence Northwesternly in a direct line to the Southeast corner of Lot 8, Block 3 of the Tropic Boulevard Tract as per map recorded in Book 4, Page 95 of Maps. Thence Northernly parallel with Brand Boulevard to the Southwest corner of Lot 17, Block 2 of said Tropic Boulevard Tract. Thence East long the South line of said Lot 17 to the Southeast corner thereof. Thence Northernly parallel with Brand Boulevard to the South line of Tropic Avenue. Thence Northernly across Tropic Avenue to the Southwest corner of the Thomas Subdivision as per map recorded in Book 60, Page 86 of Miscellaneous Records. Thence Northernly along the Westernly line of said subdivision to the Northwest corner thereof. Thence Northernly in a direct line to the Northwest corner of Cypress Street and Blanche Avenue. Thence Northernly along the Westernly line of Blanche Avenue to the Southwest corner of Blanche Avenue and Palmer Avenue. Thence Northernly in a direct line to the Southeast corner of Lot 18, Block 1 of the Ayers Tract as per map recorded in Book 8, Page 108 of Maps. Thence Northernly along the Easternly line of said Lot to the Northeast corner thereof. Thence Northernly in a direct line to the Southeast corner of Lot 15, Block 1 of said Ayers Tract. Thence Northernly along the Easternly line of said Lot 15 to the Northeast corner thereof. Thence Northernly in a direct line to the Southeast corner of Lot 10, Block 1 of Borthick's Tract as per map recorded in Book 8, Page 154 of Maps. Thence Northernly along the Easternly line of said Lot 10 to the Northeast corner thereof. Thence Northernly in a direct line to the Southeast corner of Lot 10, Block 1 of Borthick's Tract. Thence Northernly parallel with the Easternly line of Damasco Court to an intersection with the Northernly boundary line of the City of Tropic. Thence Westernly along the Northernly boundary line of the City of Tropic to the point of beginning. Excepting therefrom any portion of any public street or alley which may be included within the above described assessment district, all as shown on Map No. 43 approved by the Board of Trustees of said City on the 23rd day of March, 1914, and on file in the office of the City Engineer of said City, to which said map reference is hereby made for a more complete and detailed description of said district. All references, in said description, are made to records of Los Angeles County, California.

SECTION 3. The Board of Trustees of the City of Tropic determines that serial bonds shall be issued to represent assessments of twenty-five dollars (\$25.00) or over for the cost of said work or improvement; said serial bonds shall extend over a period ending nine (9) years from and after the second day of January next succeeding the date of said bonds, and an even annual proportion of the principal sum thereof shall be payable, by coupon, on the second day of January every year after their date until the whole is paid; and the interest shall be payable semi-annually, by coupon, on the second days of January and July, respectively, of each year, at the rate of seven (7) per cent per annum on all sums unpaid, until the whole of said principal and interest are paid. Said bonds shall be issued in accordance with the provisions of an Act of the Legislature of the State

of California, entitled "An Act to provide a system of street improvement bonds to represent certain assessments for the cost of street work and improvement within municipalities, and also for the payment of such bonds," approved February 17, 1893, and of all acts supplementary thereto or amendatory thereof.

SECTION 4. The City Engineer is directed to make a diagram of the property affected or benefitted by the proposed work or improvement as described in the Resolution of Intention and to be assessed to pay the expenses thereof. Such diagram shall show each separate lot, piece or parcel of land, the area in square feet of each of said lots, pieces or parcels of land, and the relative location of the same to the work proposed to be done, all within the limits of the assessment district.

SECTION 5. All plans, cross sections and profiles referred to in this Resolution are on file in the office of the City Engineer of said city. All special specifications referred to in this Resolution are on file in the office of the City Clerk of said City. Said plans, profiles, cross sections and special specifications are hereby referred to for a more particular description of said work and made a part hereof.

SECTION 6. The Tropic Interurban Sentinel, a weekly newspaper of general circulation, published and circulated in the said City of Tropic, is hereby designated as the newspaper in which this Resolution of Intention, and notice of the passage thereof, shall be published in the manner and by the persons required by law.

SECTION 7. The Superintendent of Streets of said City of Tropic is hereby directed to post notices of the passage of this Resolution in the manner and in the form required by law, and to cause a similar notice to be published by one insertion in said newspaper in the manner required by law.

SECTION 8. The City Clerk of said City of Tropic is hereby directed to post this Resolution in Intention conspicuously for two days on or near the chamber door of the Board of Trustees, and to cause the same to be published by two insertions in the manner required by law, in said newspaper and also to mail to each property owner whose property is to be assessed to pay the costs and expenses of said improvement a postal card containing notice of the passage of this Resolution, and calling attention to the fact that said property is to be assessed for said improvement.

Adopted and approved this 23rd day of March, 1914.
(SEAL)
C. A. BANCROFT,
President of the Board of Trustees of the City of Tropic.
Attest:
S. M. STREET,
City Clerk of the City of Tropic.
STATE OF CALIFORNIA,) ss.
CITY OF TROPICO,) ss.
I, S. M. STREET, City Clerk of the City of Tropic, do hereby certify that the foregoing Resolution was duly passed by the Board of Trustees of the City of Tropic, State of California, and signed by the President of the Board at a regular meeting thereof, held on the 23rd day of March, 1914, and that the same was passed by the following vote, to-wit:

AYES—Bancroft, Hobbs, Webster.
NOES—None.
ABSENT—Conrad, Oliver.

S. M. STREET,
City Clerk of the City of Tropic.
March 25, April 1, '14—21.

Mexico has succeeded in staging a memorable horror — not that one is needed either.

SECTION 9. The City Engineer is directed to make a diagram of the property affected or benefitted by the proposed work or improvement as described in the Resolution of Intention and to be assessed to pay the expenses thereof. Such diagram shall show each separate lot, piece or parcel of land, the area in square feet of each of said lots, pieces or parcels of land, and the relative location of the same to the work proposed to be done, all within the limits of the assessment district.

SECTION 10. The City Engineer is directed to make a diagram of the property affected or benefitted by the proposed work or improvement as described in the Resolution of Intention and to be assessed to pay the expenses thereof. Such diagram shall show each separate lot, piece or parcel of land, the area in square feet of each of said lots, pieces or parcels of land, and the relative location of the same to the work proposed to be done, all within the limits of the assessment district.

SECTION 11. The City Engineer is directed to make a diagram of the property affected or benefitted by the proposed work or improvement as described in the Resolution of Intention and to be assessed to pay the expenses thereof. Such diagram shall show each separate lot, piece or parcel of land, the area in square feet of each of said lots, pieces or parcels of land, and the relative location of the same to the work proposed to be done, all within the limits of the assessment district.

SECTION 12. The City Engineer is directed to make a diagram of the property affected or benefitted by the proposed work or improvement as described in the Resolution of Intention and to be assessed to pay the expenses thereof. Such diagram shall show each separate lot, piece or parcel of land, the area in square feet of each of said lots, pieces or parcels of land, and the relative location of the same to the work proposed to be done, all within the limits of the assessment district.

SECTION 13. The City Engineer is directed to make a diagram of the property affected or benefitted by the proposed work or improvement as described in the Resolution of Intention and to be assessed to pay the expenses thereof. Such diagram shall show each separate lot, piece or parcel of land, the area in square feet of each of said lots, pieces or parcels of land, and the relative location of the same to the work proposed to be done, all within the limits of the assessment district.

SECTION 14. The City Engineer is directed to make a diagram of the property affected or benefitted by the proposed work or improvement as described in the Resolution of Intention and to be assessed to pay the expenses thereof. Such diagram shall show each separate lot, piece or parcel of land, the area in square feet of each of said lots, pieces or parcels of land, and the relative location of the same to the work proposed to be done, all within the limits of the assessment district.

SECTION 15. The City Engineer is directed to make a diagram of the property affected or benefitted by the proposed work or improvement as described in the Resolution of Intention and to be assessed to pay the expenses thereof. Such diagram shall show each separate lot, piece or parcel of land, the area in square feet of each of said lots, pieces or parcels of land, and the relative location of the same to the work proposed to be done, all within the limits of the assessment district.

SECTION 16. The City Engineer is directed to make a diagram of the property affected or benefitted by the proposed work or improvement as described in the Resolution of Intention and to be assessed to pay the expenses thereof. Such diagram shall show each separate lot, piece or parcel of land, the area in square feet of each of said lots, pieces or parcels of land, and the relative location of the same to the work proposed to be done, all within the limits of the assessment district.

SECTION 17. The City Engineer is directed to make a diagram of the property affected or benefitted by the proposed work or improvement as described in the Resolution of Intention and to be assessed to pay the expenses thereof. Such diagram shall show each separate lot, piece or parcel of land, the area in square feet of each of said lots, pieces or parcels of land, and the relative location of the same to the work proposed to be done, all within the limits of the assessment district.

SECTION 18. The City Engineer is directed to make a diagram of the property affected or benefitted by the proposed work or improvement as described in the Resolution of Intention and to be assessed to pay the expenses thereof. Such diagram shall show each separate lot, piece or parcel of land, the area in square feet of each of said lots, pieces or parcels of land, and the relative location of the same to the work proposed to be done, all within the limits of the assessment district.

SECTION 19. The City Engineer is directed to make a diagram of the property affected or benefitted by the proposed work or improvement as described in the Resolution of Intention and to be assessed to pay the expenses thereof. Such diagram shall show each separate lot, piece or parcel of land, the area in square feet of each of said lots, pieces or parcels of land, and the relative location of the same to the work proposed to be done, all within the limits of the assessment district.

SECTION 20. The City Engineer is directed to make a diagram of the property affected or benefitted by the proposed work or improvement as described in the Resolution of Intention and to be assessed to pay the expenses thereof. Such diagram shall show each separate lot, piece or parcel of land, the area in square feet of each of said lots, pieces or parcels of land, and the relative location of the same to the work proposed to be done, all within the limits of the assessment district.

SECTION 21. The City Engineer is directed to make a diagram of the property affected or benefitted by the proposed work or improvement as described in the Resolution of Intention and to be assessed to pay the expenses thereof. Such diagram shall show each separate lot, piece or parcel of land, the area in square feet of each of said lots, pieces or parcels of land, and the relative location of the same to the work proposed to be done, all within the limits of the assessment district.

PROPERTY OWNERS

TAKE NOTICE

BOARD OF TRUSTEES

WANT PROPOSITION

FOR SUITABLE LOCATION FOR FIRE ENGINE HOUSE AND CITY HALL AT ONCE

The city clerk of the city of Tropic will receive propositions at the city hall at once from property owners for a suitable lot or site upon which a fire engine house and city hall may be erected immediately.

This is pursuant to the action of the board of trustees at an adjourned meeting, held Saturday evening, February 28, 1914, at which time the offer from the William R. Staats Company of Los Angeles to buy the entire issued of water bonds of \$25,000 at par and accrued interest was accepted.

It was further resolved that propositions for site or lot upon which to erect a building suitable for a fire engine house and city hall, All propositions must be received and action taken submitted to the city clerk as soon as possible, in writing.

Salt Lake Route

P. S.—Colonists' fares from eastern points to California until April 15th. Pay for tickets here if you wish and we will have them delivered to your friends.

Mrs. Tholen will entertain the Home Economic Section of the Thursday afternoon Club Thursday, March 26. Mrs. Mullen has charge of the meeting, and they are still discussing architecture during the period of the renaissance.

Mrs. J. G. Chapman very charmingly entertained the Norton Art Club at her home in Los Angeles Monday afternoon. The club membership, which comprises a number of Tropic's prominent social as well as literary people, attended and enjoyed a most interesting program.

The Missionary Society of the Tropic Presbyterian church will have charge of the service next Sunday night. If you are not interested in hearing about the heathens, come any way, for there will be special music for the evening in charge of Mrs. Wayland Brown and every one knows that whatever she undertakes will be excellent.

Mrs. Mae Bruner of Tropic, with other friends, attended the orange fete and ball at the Shrine auditorium Saturday evening. A chorus of 1000 voices sang the "Hallelujah" chorus from the "Messiah." "I Love You, California" and "The Star-Spangled Banner." The allegorical spectacle, entitled "The Seed and the Soil," was presented by players of great ability, assisted by students from the Dramatic School of Mr. and Mrs. Scovell. George H. Bemis, the basso of the Temple Baptist church, sang the song of "Thanksgiving," by Alliston. Moving picture novelties of orange packing, etc., were very beautifully presented. Also there were many fancy dances by students of the Scovell school.

THE WORLD JOINS IN

By W. C. Anderson

If one will look back to the St. Patrick Days' of thirty or more years ago, one will be impressed with the present "get together" spirit. In those days we had parades. They were Irish events. There was more doing in one of those old pageants of vivid green, than there is now in the hills of Old Mexico.

It was not an uncommon thing in those good old days to see ten thousand strong sons of Erin marching to the strains of "The Wearing of the Green," or "Twas the Hat Me Dear Old Father Home." 'Tis true that they didn't all keep step, for some things flowed like milk and honey. Good will was set free with good cheer. Picks and shovels were left sticking in the soil for that one day, and the green world was glad.

Many, not of the Celts, looked on and smiled sardonically, but times have changed, and the irony of ridicule has given way to courtesy and respect. It is the natural result of the "get together" idea.

The St. Patrick's Day parade has passed, and the St. Patrick's Day house party has come. It is the same way to celebrate, and the whole world joins in.

The Germans put away "Bingen on the Rhine," and gather in good old Irish fashion on St. Patrick's Day, to lift the stein and yodel, "Come Back to Erin."

Those of the rugged Highlands and cold sea fogs, forget "The Campbells are Coming," while they sing Thomas Moore's old sullivan, "The Harp That Once Through Tara's Walls."

And those of Spain are deaf to the exquisite strains of "La Paloma" for one night, and they, too, sing "Kill-larney."

The descendants of the lusty Norsemen—those of the Viking kind—take up the sweet, old Irish melodies, and one hears "Where the River Shannon Flows," while "Charles John, Our Brave King," is forgotten for the time.

The artistic and swarthy of Sunny Italy dream over the harp that charms with "Oh! Why Did They Sell Kill-larney?"

Those with the Teutonic and Latin characteristics join joyously in "My Wild Irish Rose" and "The Marseillaise" is stilled for one evening.

The Hawaiians, who lived in obscurity half a century ago, contribute to the close of the St. Patrick's Day house party with Kioha Oe! Farewell Till We Meet Again."

This old world is sure getting together. The spirit of democracy is etching its way into the hearts of all nations. The St. Patrick's parties are still young, but when the whole world joins in, even for a day, the altruistic spirit has taken hold. When those of all nations can get together for one evening to sing the songs of one little green isle, democracy is not an idle dream.

THURSDAY AFTERNOON CLUB

One of the most interesting programs of this club year was the one with which Mrs. M. R. Eppler of Los Angeles, chairman Department of Art and Literature, Los Angeles Federation, entertained the Tropic Thursday afternoon at the home of Mrs. William Burke on North Central avenue Thursday afternoon. Mrs. Burke, who is a most precious hostess, was assisted by Mrs. Clarence Goode, Mrs. J. H. Webster, Mrs. Andrew Conrad and Mrs. Frank Ballentyne.

The man and woman who tries to make this great big world happier because they are in it and mean as much to the world as the world means to them, pay most for the space they occupy.

NOTICE TO MEN

The men's Bible class of the Central Christian church has grown in interest from the first lesson. They took up the study of the Book of Acts, March 1st. The last two Sundays have been spent on the second chapter and at least one more Sunday will be spent in this chapter. Topics for discussion next Sunday are: Meaning of "Fellowship" in verse 42; meaning of "Had All Things Common," in verse 44; why "Sell Possessions and Give to the Poor," in verse 45; and "The Church Bungalow." You will find it an inspiration to set with a body of business and professional men and discussion questions of vital interest to your every day life. The men are anxious that every man who is not in some Sunday school shall join them in its helpful study and fellowship. So far the average attendance has been 50, but they expect it to be much greater soon.

SEASON FOR TROUT WILL OPEN SOON

On April 1 the trout season will open in the sixth California game and fish district, which includes Los Angeles, Ventura, Orange, San Diego, Imperial, Riverside and San Bernardino counties. Already sportsmen are laying their plans for penetrating to the trout streams of the mountain ranges during the first few days of April. The season opens on April 1 and continues until November 1.

LYRIC CLUB

The Lyric Section of the Thursday Afternoon Club meets Wednesday, March 25, at the home of Mrs. Tholen, 703 North Brand Boulevard. A Stephen-Foster program is being arranged.

According to the weather bureau, most of the storms originate outside of the United States. Give us the literacy test for storms!

RESOLUTION OF INTENTION
NO. 157

A RESOLUTION OF THE BOARD OF TRUSTEES OF THE CITY OF TROPICO DECLARING ITS INTENTION TO IMPROVE PORTIONS OF OAK DRIVE AND COLUMBUS AVENUE IN SAID CITY.

The Board of Trustees of the City of Tropic do resolve as follows:

SECTION 1. That the public interest and convenience require and it is the intention of the Board of Trustees of the City of Tropic, State of California, to order the following street work to be done in said city, to-wit:

FIRST: That Oak Drive, from the westerly line of Columbus Avenue to the easterly line of San Fernando road be graded, oiled and tamped in accordance with plan, profile and special specifications for grading, oiling and tamping portions of Oak Drive and Columbus Avenue in the City of Tropic, which special specifications were adopted by Resolution No. 155 of the Board of Trustees of said city.

SECOND: That a cement curb be constructed along each line of the roadway of Oak Drive from the westerly line of Columbus Avenue to the easterly line of San Fernando road, said curb to be constructed in accordance with plan, profile and Specifications No. 2 for the construction of cement curbs.

THIRD: That a cement sidewalk five (5) feet in width be constructed along both side lines of Oak Drive, from the westerly line of Columbus Avenue to the easterly line of San Fernando road, said sidewalk to be constructed in accordance with plan, profile and Specifications No. 1 for the construction of cement sidewalks.

SECTION 2. That that portion of Columbus Avenue from the westerly prolongation across Columbus Avenue of the north line of Oak Drive to the easterly prolongation across Columbus Avenue of the south line of Oak Drive be graded, oiled and tamped, in accordance with plan, profile and special specifications for grading, oiling and tamping portions of Oak Drive and Columbus Avenue in the City of Tropic, which said special specifications were adopted by Resolution No. 155 of the Board of Trustees of said city.

SECOND: That a cement curb be constructed along each line of the roadway of Columbus Avenue from the westerly prolongation across Columbus Avenue of the north line of Oak Drive to the easterly prolongation across Columbus Avenue of the south line of Oak Drive, including returns at all intersections of streets. Said sidewalk to be omitted along such portions of Columbus Avenue along which a cement sidewalk has been and now is constructed to the official line and grade.

THIRD: That a cement sidewalk five (5) feet in width be constructed along each side of Columbus Avenue from the westerly prolongation across Columbus Avenue of the north line of Oak Drive, to the easterly prolongation across Columbus Avenue of the south line of Oak Drive, including returns at all intersections of streets. Said sidewalk to be omitted along such portions of Columbus Avenue along which a cement sidewalk has been and now is constructed to the official line and grade.

SECTION 3. All plans and profiles referred to in this Resolution are on file in the office of the City Engineer of said city. All specifications referred to in this Resolution are on file in the office of the City Clerk of said city. Said plans, profiles and specifications are hereby referred to for a more particular description of said work and made a part hereof.

SECTION 4. The Board of Trustees of the City of Tropic determines that serial bonds shall be issued to represent assessments of twenty-five dollars (\$25.00) or over for the cost of said work or improvement; said serial bonds shall extend over a period ending nine (9) years from and after the second day of January next succeeding the date of said bonds, and an even annual proportion of the principal sum thereof shall be payable, by coupon, on the second day of January every year after their date until the whole is paid; and the interest shall be payable semi-annually, by coupon, on the second days of January and July, respectively, of each year, at the rate of seven (7) per cent per annum on all sums unpaid, until the whole of said principal and interest are paid. Said bonds shall be issued in accordance with the provisions of an Act of the Legislature of the State of California, entitled "An act to provide a system of street improvement bonds to represent certain assessments for the cost of street work and improvement within municipalities, and also for the payment of such bonds," approved February 27, 1893, and of all acts supplementary thereto or amendatory thereof.

SECTION 5. The Tropic Interurban Sentinel, a weekly newspaper of general circulation, published and circulated in said City of Tropic, is hereby designated as the newspaper in which this Resolution of Intention and notice of the passage thereof, shall be published in the manner and by the persons required by law.

SECTION 6. The Superintendent of Streets of said City of Tropic is hereby directed to post notices of the passage of this Resolution in the manner and in the form required by law, and to cause a similar notice to be published by one insertion in said newspaper in the manner required by law.

SECTION 7. The City Clerk of the said City of Tropic is hereby directed to post this Resolution of Intention conspicuously for two days on or near the chamber door of the Board of Trustees, and to cause the same to be published by two insertions in the manner required by law, in said newspaper and also to mail to each property owner whose property is to be assessed to pay the costs and expenses of said improvement a postal card containing notice of the passage of this Resolution, and calling attention to the fact that said property is to be assessed for said improvement.

Adopted and approved this 12th day of March, 1914.

C. A. BANCROFT,
President of the Board of Trustees of the City of Tropic.

RESOLUTION NO. 159

A RESOLUTION OF THE BOARD OF TRUSTEES OF THE CITY OF TROPICO CALLING AND GIVING NOTICE OF THE HOLDING OF A GENERAL MUNICIPAL ELECTION ON THE 13TH DAY OF APRIL, 1914, IN AND FOR SAID CITY OF TROPICO.

BE IT RESOLVED, By the Board of Trustees of the City of Tropic, as follows:

SECTION 1. That there shall be held in the City of Tropic on Monday, the 13th day of April, 1914, a General Municipal Election by the qualified electors of the said City of Tropic for the purpose of electing the following city officers, to-wit:

Three members of the Board of Trustees;

City Clerk, and

City Treasurer.

SECTION 2. That for the holding of such election, said City of Tropic shall be and is hereby divided into two municipal election precincts, the boundaries and descriptions of which election precincts shall be and are hereby fixed as follows:

Election Precinct No. 1 shall embrace all that part of the City of Tropic lying east of the center line of the right of way of the Pacific Electric Railway, Glendale Branch.

Election Precinct No. 2 shall embrace all that part of the City of Tropic lying west of the center line of the right of way of the Pacific Electric Railway, Glendale Branch.

The polling place in each of said election precincts is hereby located as follows, and the Board of Election in each of said precincts for such general municipal election are hereby appointed as follows:

Election Precinct No. 1. Polling place, G. A. R. Hall, 629 North Glendale Avenue, being on the east side of said Glendale Avenue, between Acacia Avenue and the north city boundary of the City of Tropic.

Inspectors:

Viola Daniel,

Luelle Crowell.

Judges:

Dora L. Howe,

Frank W. Bebee.

Clerks:

Frank E. Peters,

Andrew R. Ballentyne.

Election Precinct No. 2. Polling place, City Hall, located at the junction of Central Avenue and the San Fernando road in said City of Tropic.

Inspectors:

Wayne V. Frank,

Guy Maxwell.

Judges:

Della Hapgood,

Mary W. Seaman.

Clerks:

George A. Dodson,

A. M. Duncan.

And the above named persons are hereby appointed to such offices respectively, and their compensation shall be \$4.00 each for all services.

SECTION 3. That the polls for said election must be opened at 6 o'clock a. m. of the day of election, and must be kept open until 7 o'clock p. m. of the same day, when the polls shall be closed; except and provided, however, that if at the hour of closing there are any other voters in the polling place or in line at the door, who are qualified to vote and have not been able to do so since appearing, the polls shall be kept open a sufficient time to enable them to vote. But no one who shall arrive at the polling places after 7 o'clock in the afternoon shall be entitled to vote, although the polls may be open when he arrives.

SECTION 4. That notice of the time and place of holding the said general municipal election is hereby given.

SECTION 5. The City Clerk shall certify to the passage of this Resolution, and shall cause the same to be published twice before the date of such election in the Tropic Interurban Sentinel, a weekly newspaper of

general circulation, published and circulated in the said City of Tropic, and the last of such publications shall be made at least one week before the date of holding such election.

Adopted this 19th day of March, 1914.

C. A. BANCROFT,
President of the Board of Trustees of the City of Tropic.

RESOLUTION OF INTENTION NO. 161

A RESOLUTION OF THE BOARD OF TRUSTEES OF THE CITY OF TROPICO DECLARING ITS INTENTION TO CONSTRUCT METEOROLOGICAL STREET LIGHTING POSTS, TOGETHER WITH THE NECESSARY WIRES, CONDUITS, LAMPS AND APPLIANCES UPON BRAND BOULEVARD IN SAID CITY AND DETERMINING THAT BONDS SHALL BE ISSUED TO REPRESENT THE COST THEREOF, AND DECLARING THE WORK OR IMPROVEMENT TO BE OF MORE THAN LOCAL OR ORDINARY PUBLIC BENEFIT, AND THAT THE EXPENSE OF SAID WORK SHALL BE ASSESSED UPON A DISTRICT.

The Board of Trustees of the City of Tropic do resolve as follows:

SECTION 1. That the public interest and convenience require and it is the intention of the Board of Trustees of the City of Tropic, State of California, to order the following street work to be done in said City, to-wit:

That eighty-one (81) metal street lighting posts be constructed along the West curb line of the West roadway and the East curb line of the East roadway of Brand Boulevard from the Northern boundary line of the City of Tropic to the Northeast corner of the Right of Way of the Southern Pacific Railway Company, and connecting each of said metal lighting posts above described, and also that a metal conduit be constructed across the intersections of Brand Boulevard and San Fernando Road, Brand Boulevard and Tropic Avenue, and Brand Boulevard and Park Avenue, from the Easterly to the Westerly property lines of said Brand Boulevard, and connecting with the metal conduit to be constructed along the East curb line of the East roadway and with the metal conduit to be constructed along the West curb line of the West roadway of said Brand Boulevard. Said metal conduit to be placed six (6) inches Northernly from and parallel with the prolongation across said Brand Boulevard of the Southern lines respectively of San Fernando Road, Tropic Avenue and Park Avenue. Said conduit is to be constructed for the purpose of conducting the feed wires across said Brand Boulevard and to be of the size designated in the hereinafter named special specifications. That insulated copper wire be laid inside said conduits to connect with each of the lamps in each of said metal lighting posts. All said metal lighting posts and metal conduits, together with insulated copper wire to be laid therein shall be constructed between the points, on the lines and grades, and with the lamps, appliances and appurtenances designated therefor as shown on Plans No. 40 and 41, Profiles No. 30 and 41 and Cross-section No. 44 and in further accordance with special specifications for the purpose of lighting with electricity Brand Boulevard, from the Northern boundary line of the City of Tropic to the Northeast corner of the Right of Way of the Southern

Pacific Railway Company in the City of Tropic, which said special specifications were adopted for said work by Resolution No. 160 of the Board of Trustees of said City.

SECTION 2. That the said contemplated work or improvement, in the opinion of the said Board of Trustees, is of more than local or ordinary public benefit, and said Board of Trustees hereby declares that the district in the said City of Tropic benefited by said work or improvement, and to be assessed to pay the costs and expenses thereof, is described as follows:

All that portion of the City of Tropic included within the following described exterior boundary line, to-wit:

Beginning at a point on the Northern boundary line of the City of Tropic midway between the East line of Central Avenue and the West line of Brand Boulevard. Thence Southerly parallel with the West line of Brand Boulevard to a point on the Northeast corner of San Fernando Road. Thence Southerly in a direct line to the most Northernly corner of Block 1 of Tract No. 910 as per map recorded in Book 16, Page 133 of Maps. Thence Southerly along the Northwesterly line of said Block 1 and the Southwesterly prolongation of said Northwesterly line of said Block 1 to the Southwesterly boundary line of the City of Tropic. Thence Southerly along said Southwesterly boundary line of said City to an intersection with the Southwesterly prolongation of the Southerly line of Lot 7, Block 3 of Tract No. 1578 as per map recorded in Book 20, Pages 158 and 159 of Maps. Thence Northerly along said Southwesterly prolongation line and Southerly line of Lot 7, Block 3 of Tract No. 1578 to the most Easterly corner of said Lot 7. Thence Northerly in a direct line to the most Southerly corner of Lot 18, Block 2 of said Tract No. 1578. Thence Northerly along the Southerly lines of Lots 18 and 7, Block 2 of said Tract No. 1578 to the most Easterly corner of said Lot 7, Block 2. Thence Northerly in a direct line to the most Southerly corner of Lot 21, Block 1 of said Tract No. 1578. Thence Northerly along the Southerly lines of Lots 21 and 8, Block 1 of said Tract No. 1578 to the most Easterly corner of said Lot 8, Block 1. Thence Northerly in a direct line to the most Southerly corner of Block D of the Santa Eulalia Tract as per map recorded in Book 16, Pages 78 and 79 of Maps (said point being also situated on the Westerly line of Glendale Avenue). Thence Northerly along the Westerly line of Glendale Avenue to the Southwest corner of Glendale Avenue and Cerritos Avenue. Thence Northerly in a direct line to the Southeast corner of Lot 8, Block 3 of the Tropic Boulevard Tract, as per map recorded in Book 4, Page 95 of Maps. Thence Northerly parallel with Brand Boulevard to the Southwest corner of Lot 17, Block 2 of said Tropic Boulevard Tract. Thence East along the South line of said Lot 17 to the Southeast corner thereof. Thence Northerly parallel with Brand Boulevard to the South line of Tropic Avenue. Thence Northerly across Tropic Avenue to the Southwest corner of the Thomas Subdivision, as per map recorded in Book 60, Page 86 of Miscellaneous Records. Thence Northerly along the Westerly line of said subdivision to the Northwest corner thereof. Thence Northerly in a direct line to the Northwest corner of Cypress Street and Blanche Avenue. Thence Northerly along the Westerly line of Blanche Avenue to the Southwest corner of Blanche Avenue and Palmer Avenue. Thence Northerly in a direct line to the Southeast corner of Lot 18, Block 1 of the Ayers Tract, as per map recorded in Book 8, Page 108 of Maps. Thence Northerly along the Easterly line of said Lot 18 to the Northeast corner thereof. Thence Northerly in a direct line to the Southeast corner of Lot 16, Block 1 of said Ayers Tract. Thence Northerly along the Easterly line of said Lot 16 to the Northeast corner thereof. Thence Northerly in a direct line to the Southwest corner of Tract No. 1254, as per Map recorded in Book 20, Page 24 of Maps. Thence Northerly, East and Northerly along the general Westerly line of said Tract No. 1254 to the Northwest corner thereof. Thence Northerly in a direct line to the Southeast corner of Lot 10, Tract No. 481, as per map recorded in Book 15, Page 88 of Maps. Thence Northerly along the Easterly line of said Lot 10 to the Northeast corner thereof. Thence Northerly in a direct line to the Southeast corner of Lot 10, Block 1 of Borthick's Tract, as per map recorded in Book 8, Page 154 of Maps. Thence Northerly along the Easterly line of said Lot 10 to the Northeast corner thereof. Thence Northerly in a direct line to the Southeast corner of Lot 21, Block 2 of said Borthick's Tract. Thence Northerly parallel with the Easterly line of Damasco Court to an intersection with the Northern boundary line of the City of Tropic. Thence Westerly along the Northern boundary line of the City of Tropic to the point of beginning. Excepting therefrom any portion of any public street or alley which may be included within the above described assessment district, all as shown on Map No. 42 approved by the Board of Trustees of said City on the 23rd day of March, 1914, and

on file in the office of the City Engineer of said City, to which said map reference is hereby made for a more complete and detailed description of said district. All references in said district are made to records of Los Angeles county, California.

SECTION 2½. The said Board of Trustees finds that the following described lots, pieces or parcels of land situated within the district to be assessed to pay the cost of said work, to-wit:

Lots 1, 2, 3, 4 and 5, Block 4 of the Tropic Boulevard Tract, as per map recorded in Book 4, Page 95 of Maps, and that portion of the Rancho Santa Eulalia, as per District Court Case No. 1621, bounded Northernly by Watts Subdivision of a part of Rancho San Rafael, as per map recorded in Book 5, Pages 200 and 201 of Miscellaneous Records, Easterly by Glendale Avenue, Southerly by Block C of the Santa Eulalia Tract, as per map recorded in Book 16, Pages 78 and 79 of Maps, and Westerly by Brand Boulevard (all references above being to Records of Los Angeles County, California), are publicly owned, and are devoted to a public use, to-wit: for public school purposes, and said Board of Trustees hereby declares and determines that said lots, pieces or parcels of land shall be included in the assessment to be made to cover the costs and expenses of said proposed work or improvement.

2nd. The said Board of Trustees declares that that portion of the costs and expenses of said proposed work or improvement to be assessed against the lots, pieces or parcels of land described in Section 2½ of this Resolution shall be payable by the said City of Tropic out of the general fund.

SECTION 3. The Board of Trustees of the City of Tropic determines that serial bonds shall be issued to represent assessments of twenty-five dollars (\$25.00) or over for the cost of said work or improvement; said serial bonds shall extend over a period ending nine (9) years from and after the second day of January next succeeding the date of said bonds, and an even annual proportion of the principal sum thereof shall be payable, by coupon, on the second day of January every year after their date until the whole is paid; and the interest shall be payable semi-annually, by coupon, on the second days of January and July, respectively, of each year, at the rate of seven (7) per cent per annum on all sums unpaid, until the whole of said principal and interest are paid. Said bonds shall be issued in accordance with the provisions of an Act of the Legislature of the State of California, entitled, "An Act to provide a system of street improvement bonds to represent certain assessments for the cost of street work and improvement within municipalities, and also for the payment of such bonds," approved February 17, 1893, and of all acts supplementary thereto or amendatory thereof.

SECTION 4. The City Engineer is directed to make a diagram of the property affected or benefited by the proposed work or improvement as described in the Resolution of Intention and to be assessed to pay the expenses thereof. Such diagram shall show each separate lot, piece or parcel of land, the area in square feet of each of the lots, pieces or parcels of land and the relative location of the same to the work proposed to be done, all within the limits of the assessment district.

SECTION 5. All plans, cross-sections and profiles referred to in this Resolution are on file in the office of the City Engineer of said City. All special specifications referred to in this Resolution are on file in the office of the City Clerk of said City. Said plans, profiles, cross-sections and special specifications are hereby referred to for a more particular description of said work and made a part hereof.

SECTION 6. The Tropic Interurban Sentinel, a weekly newspaper of general circulation, published and circulated in the said City of Tropic, is hereby designated as the newspaper in which this Resolution of Intention, and notice of the passage thereof, shall be published in the manner and by the persons required by law.

SECTION 7. The Superintendent of Streets of said City of Tropic is hereby directed to post notices of the passage of this Resolution in the manner and in the form required by law, and to cause a similar notice to be published by one insertion in said newspaper in the manner required by law.

SECTION 8. The City Clerk of said City of Tropic is hereby directed to post this Resolution of Intention conspicuously for two days on or near the chamber door of the Board of Trustees, and to cause the same to be published by two insertions in the manner required by law, in said newspaper, and also to mail to each property owner whose property is to be assessed to pay the costs and expenses of said improvement a postal card containing notice of the passage of this Resolution, and calling attention to the fact that said property is to be assessed for said improvement.

Adopted and approved this 23rd day of March, 1914.

C. A. BANCROFT,
President of the Board of Trustees of the City of Tropic.

on file in the office of the City Engineer of said City, to which said map reference is hereby made for a more complete and detailed description of said district. All references in said district are made to records of Los Angeles county, California.

SECTION 2½. The said Board of Trustees finds that the following described lots, pieces or parcels of land situated within the district to be assessed to pay the cost of said work, to-wit:

Lots 1, 2, 3, 4 and 5, Block 4 of the Tropic Boulevard Tract, as per map recorded in Book 4, Page 95 of Maps, and that portion of the Rancho Santa Eulalia, as per District Court Case No. 1621, bounded Northernly by Watts Subdivision of a part of Rancho San Rafael, as per map recorded in Book 5, Pages 200 and 201 of Miscellaneous Records, Easterly by Glendale Avenue, Southerly by Block C of the Santa Eulalia Tract, as per map recorded in Book 16, Pages 78 and 79 of Maps, and Westerly by Brand Boulevard (all references above being to Records of Los Angeles County, California), are publicly owned, and are devoted to a public use, to-wit: for public school purposes, and said Board of Trustees hereby declares and determines that said lots, pieces or parcels of land shall be included in the assessment to be made to cover the costs and expenses of said proposed work or improvement.

2nd. The said Board of Trustees declares that that portion of the costs and expenses of said proposed work or improvement to be assessed against the lots, pieces or parcels of land described in Section 2½ of this Resolution shall be payable by the said City of Tropic out of the general fund.

SECTION 3. The Board of Trustees of the City of Tropic determines that serial bonds shall be issued to represent assessments of twenty-five dollars (\$25.00) or over for the cost of said work or improvement; said serial bonds shall extend over a period ending nine (9) years from and after the second day of January next succeeding the date of said bonds, and an even annual proportion of the principal sum thereof shall be payable, by coupon, on the second day of January every year after their date until the whole is paid; and the interest shall be payable semi-annually, by coupon, on the second days of January and July, respectively, of each year, at the rate of seven (7) per cent per annum on all sums unpaid, until the whole of said principal and interest are paid. Said bonds shall be issued in accordance with the provisions of an Act of the Legislature of the State of California, entitled, "An Act to provide a system of street improvement bonds to represent certain assessments for the cost of street work and improvement within municipalities, and also for the payment of such bonds," approved February 17, 1893, and of all acts supplementary thereto or amendatory thereof.

SECTION 4. The City Engineer is directed to make a diagram of the property affected or benefited by the proposed work or improvement as described in the Resolution of Intention and to be assessed to pay the expenses thereof. Such diagram shall show each separate lot, piece or parcel of land, the area in square feet of each of the lots, pieces or parcels of land and the relative location of the same to the work proposed to be done, all within the limits of the assessment district.

SECTION 5. All plans, cross-sections and profiles referred to in this Resolution are on file in the office of the City Engineer of said City. All special specifications referred to in this Resolution are on file in the office of the City Clerk of said City. Said plans, profiles, cross-sections and special specifications are hereby referred to for a more particular description of said work and made a part hereof.

SECTION 6. The Tropic Interurban Sentinel, a weekly newspaper of general circulation, published and circulated in the said City of Tropic, is hereby designated as the newspaper in which this Resolution of Intention, and notice of the passage thereof, shall be published in the manner and by the persons required by law.

SECTION 7. The Superintendent of Streets of said City of Tropic is hereby directed to post notices of the passage of this Resolution in the manner and in the form required by law, and to cause a similar notice to be published by one insertion in said newspaper in the manner required by law.

SECTION 8. The City Clerk of said City of Tropic is hereby directed to post this Resolution of Intention conspicuously for two days on or near the chamber door of the Board of Trustees, and to cause the same to be published by two insertions in the manner required by law, in said newspaper, and also to mail to each property owner whose property is to be assessed to pay the costs and expenses of said improvement a postal card containing notice of the passage of this Resolution, and calling attention to the fact that said property is to be assessed for said improvement.

Adopted and approved this 23rd day of March, 1914.

HATCHED RIGHT?

Look out now for that white, pasty symptom called White Diarrhea.

It may occur anytime from the 3rd day to the 4th week of the hatch. Incurable? Not now! We have Conkey's White Diarrhea Remedy this season, a new discovery. Saves chicks even badly affected. Better have a package, price 50c. Use it anyway, in the drinking water as a preventive. It's Chick insurance, why lose from 65 to 100 per cent of the hatch?
